CONFERENCE AND PANEL DISCUSSIONS

Learn about the latest industry trends and challenges through a curated program of high-level conference and panel discussions

MEETINGS & NETWORKING

Connect with premier suppliers and contractors during pre-scheduled one-on-one business appointments

PRODUCT SHOWCASE

On the exhibit hall floor, you'll find the latest innovations, technology, and solutions on display.

AITs Bremen offers a **new online event experience** to connect exhibitors, customers, and thought leaders from around the world* while prioritizing health and safety.

VIRTUAL CONFERENCES AND PANEL DISCUSSIONS

Now you'll have a front-row seat for ground-breaking announcements and insights from the world's industry leaders completely online. Plus, recordings are available and can be watched anytime.

VIRTUAL MEETINGS AND NETWORKING

You'll be able to engage with your peers, thought leaders and business connections you care about directly with a live chat, and pre-arranged meetups in a private virtual room.

VIRTUAL PRODUCT SHOWCASE

With this digital evolution of the AITS Bremen show floor, you'll be able to explore products and services, based on your interests and business, through dynamic product showcases.

**The virtual experience is only available to participants from outside of Germany.*
